Streamline customer experience with an advanced contact center platform.

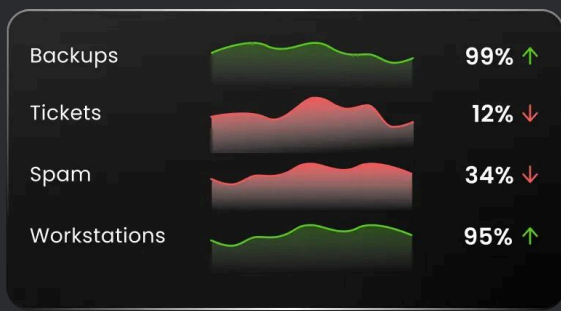

- TOP FEATURES
- REPORTING AND DASHBOARD
- MODULAR-BASED
- CALL CENTER MANAGEMENT

Call recording, reports, and CRM screen pop are some of the features that enable your agents to become efficient and productive. With our top-notch features, agents can effectively handle customer inquiries promptly.

Optimize your call center without any cost surprises.

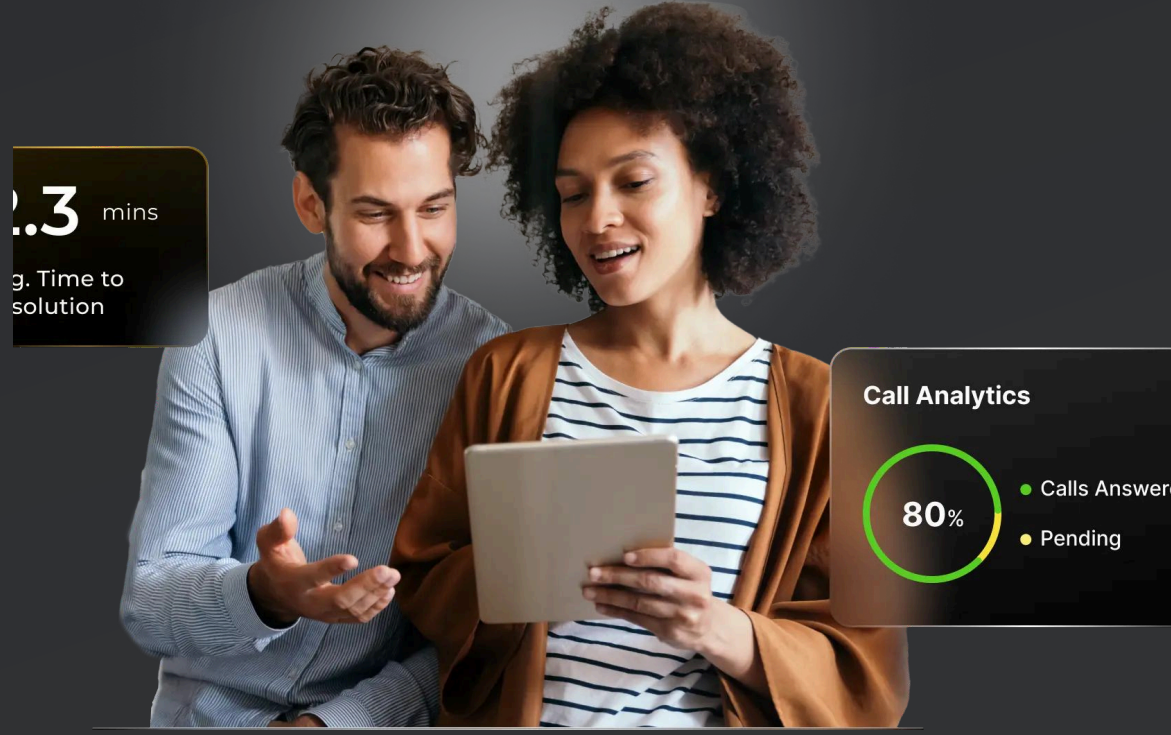

Some contact center solutions providers incur hidden costs and can get expensive for businesses. BlackPoint offers contact center solutions with a pay-for-what-you use model — and you get 24/7 support. We have an unbeatable customer service experience that helps you from onboarding to deployment to training and ongoing management of your systems.

Keep your customers happy with an excellent service.

BlackPoint's Contact Center enables agents to be more effective on the phone, so they can sell more and provide a better service experience. Users will have access to best-in-class applications at their fingertips—from equipment to systems, monitoring, performance management and statistics.

- 99.95% reliability
- Ease of Use, Admin Portal Access, Dashboard Simplicity
- Security Measures
- KPIs
