

Leave With Strategies You Can Use Monday Morning

Rising costs, changing consumer behavior and rapid technology shifts are reshaping automotive retail. Digital Dealer delivers the unbiased, actionable education your dealership needs to stay ahead—no product pitches, just real value. You'll leave Detroit with specific changes you can act on, not vague inspiration.

What You'll Learn

- **Sharp, focused sessions.** TED Talk-style talks give you clear takeaways without the filler.
- **Hands-on workshops.** Dig into the tactics that drive more vehicle sales and higher margins.
- **Expert content across every track.** Find sessions built for GMs, Marketing, Fixed Ops, BDC, F&I, Digital Retail, AI and EV readiness.
- **DealerTech Live Stage.** Catch fast, practical insights right on the Expo Hall floor.
- **Stay ahead of the trends.** Get current on AI in auto retail, first-party data, retail media and compliance before your competitors do.
- **Real-world case studies.** Learn from dealers and OEM leaders who've already done the work.

Detroit is the epicenter of the American automotive industry and the right stage for the next evolution of dealership education.
