YOUR TEAM LEARNS MORE WHEN YOU LEARN TOGETHER

One person can only bring back so much. When you bring your whole team, everyone can focus on their area, learn from experts, and bring back ideas that drive results.

FOCUS ON WHAT MATTERS MOST

Instead of trying to learn everything, your team can attend sessions that match their role and goals–then come back together and share what they learned.

• MORE PEOPLE LEARNING • MORE IDEAS COMING BACK • MORE GROWTH

FOUR TRACKS. ONE FOCUS: YOUR GROWTH

Every session maps to a clear track, so you can build a schedule that hits your priorities and sends your team to the rooms that matter most.

Lead stronger and operate smarter. Get practical strategies for management, hiring, training, compliance and building the culture that keeps your best people.

Connect with today's buyers, tighten your sales workflows and close more deals. Dig into BDC strategies, video communication and lead handling that moves metal.

Sharpen your digital and traditional strategy across social media, AI, data and digital retailing. Generate more qualified leads, improve advertising ROI and convert more of your traffic.

Build a service department ready for what's next. Tackle the technician shortage, grow customer loyalty and strengthen your dealership's reputation.
