

Digital Dealer | CAR DEALERSHIP GUY

Where Dealership Leaders Come Together

Car Dealership Guy is proud to partner with Digital Dealer 2026 to help create an event focused on what dealerships need most: practical education, honest conversations, and ideas you can put into action back at the dealership.

This partnership is about more than bringing two brands together. It's about creating a place where dealership leaders can learn from people who understand the business firsthand and share real-world experiences.

If you're looking for practical strategies, valuable networking, and sessions built for dealership operators, Digital Dealer 2026 should be on your calendar.

Bringing your team? Take advantage of our **Generous Group Discount** so more of your team can learn, connect, and bring practical ideas back to your dealership.

We can't wait to share more in the months ahead. Stay tuned.

Car Dealership Guy × Digital Dealer 2026

The Dealer Event Built Around Practical Education, Real Conversations, and Industry Connections

Some of the best ideas in this industry come from dealer-led sessions built on real strategies you can apply Monday morning. Others come from conversations with another dealer solving the same challenges you are. **Car Dealership Guy** × **Digital Dealer 2026** bring both together, strengthening an agenda already built around your operations.

This partnership combines one of the industry's most engaged dealer communities with one of automotive retail's longest-running educational conferences. Over a few days, you'll hear from operators, executives, technology leaders, and industry experts who are focused on one thing: helping dealerships run better businesses.

Whether your focus is sales, marketing, fixed operations, leadership, or customer experience, you'll leave with practical ideas you can take back to your store.

Sessions Built Around What Dealers Care About

Car Dealership Guy is helping Digital Dealer build this year's conference agenda to make sure the content reflects what dealers are experiencing today. By bringing industry insights and real-world perspectives into the planning process, attendees can expect practical education, relevant discussions, and sessions designed to help dealerships succeed.

Why You Should Attend Digital Dealer 2026

The dealership industry is changing, and so are customer expectations. Technology moves faster than ever, profit margins tighten, and teams are expected to do more with fewer resources. The dealerships that continue to grow aren't the ones chasing every new trend. They're the ones learning from peers, sharing what works, and adapting before the market forces them to.
That's exactly what this event is designed to help you do.

- Learn practical strategies from dealers and industry leaders.
- Hear real conversations about today's biggest operational challenges.
- Explore new technology that's changing automotive retail.
- Connect with dealer principals, general managers, marketers, fixed ops leaders, and technology partners.
- Leave with ideas your team can actually put into practice.

Save More When You Bring Your Team

Digital Dealer is even better when your team attends together. Bring your sales, marketing, fixed ops, and operations leaders so everyone can learn, share ideas, and return with strategies they can put into action. Ask about our **Generous Group Discount when you Register.**
